Dear Clay:

Re: Reclamation Contract/Bonding Forms, Keigley Quarry, M/049/001,
and Iron Mountain Mine, M/021/008, Utah and Iron Counties, Utah

Attached is the final draft of Form MR-RC, Reclamation Contract, which has received final acceptance by the Board of Oil, Gas and Mining (Board). This form will now be used as the principal reclamation agreement between this agency and the operator in finalizing the reclamation surety permitting requirements.

Please attach the operator's selected form of surety to the Reclamation Contract and return the package(s) to the Division. The Division anticipates taking the amount and form of reclamation surety before the Board during its March 23, 1989 executive session. Please contact me at your earliest convenience if you will not have the forms returned to us by this date.

I am also returning a copy of your original October 17, 1988 submittal, with brief review comments from our Assistant Attorney General.

Thank you for your continued patience and cooperation. Please call me if I can answer any questions you may have regarding this letter or the Reclamation Contract agreement.

Sincerely,

D. Wayne Hedberg
Senior Reclamation Specialist/
Hydrologist
